

Building Authentic Partnerships®

WHO WE ARE

JE Dunn Construction, founded in 1924, is a family and employee-owned company and the eight-largest domestic general building contractor in the United States, with 27 offices nationwide.

For more than a century, we have been building authentic partnerships by putting people first and doing the right thing — for our clients, our partners, and the communities we serve.

Our approach prioritizes communication, collaboration, and an integrated suite of services, including general contracting, construction management, EPC, and design-build — delivered with an unwavering commitment to safety, quality, and certainty across a wide range of markets. We exist to enrich lives through inspired people and places.
